I moved your pictures from my wall
And I'll replace them, both large and small
And each new day finds me so blue
Nothing takes the place of you
I read your letters, one by one
And I still love you, when it's all said and done
And oh my darling, I'm so blue
Because nothing, oh nothing, takes the place of you
As... I write this letter
It's raining on my windowpane
As... I feel the need of you
Because without you nothing seems the same
So I'll wait until you're home
Again I'll love you but I'm all alone
And oh, my darling, I'm so blue
Because nothing, oh but nothing takes the place of you
