I haven't been to church since i dont remember when
Things were goin' great until they fell apart again so i
listened to the preacher as he told me what to do He
said you can't go hatin' others who have done wrong to
you sometimes we get angry, but we must not
condemn let the good lord do his job and you just pray
for them

i pray your brakes go out rollin' down a hill i pray a
flower pot falls from a window sill, knocks you in the
head like i'd like to i pray your birthday comes and
nobody calls i pra you're flyin high when youre engine
stalls i pray all your dreams never come true just know
wherever you are honey, i pray for you i am really glad
i found my way to church cause i'm allready feelin'
better and i thank god for the words yeah im going to
take the high road and do what the preacher told me to
do you keep messin' up and i'll keep prayin' for you i
pray your tire blows at 110 i pray you pass out drunk
with your best friend and wake up with his and her
tattoos i pray your brakes go out rollin' down a hill i
pray a flower pot falls from a window sill knocks you in
the head like i'd like to i pray you birthday comes and
nobody calls i pray your flyin high when your engine
stalls i pray all youre dreams never come true just
know wherever you are, near or far ,in your house or
your car , wherever you are honey, i pray for you . I
PRAY FOR YOU
