Can you imagine, what would happen if we could have
any dream
I'd wish this moment, was ours to own it and that it
would never leave
Than I would thank that star that made our wish come
true (come true)
Oh yeah (Mmm)
Cause he knows that where you are, is where I should
be too

Right here, right now (Heey)
Im lookin at you, and my heart loves the view
Cause you mean everything (Oooooo)
Right here, I promise you somehow
That tomorrow can wait, for some other day to be (to
be)
But right now there's you and me

If this was forever, what could be better
We've already proved it once, but in two
thousand(come on)
one hundred twenty three hours abandoned the
universe
It's gonna make everything (everything), in our whole
world changed (it's all changing)
And you know that where we are (where we are), will
never be the same
Oh no (oh no)

Right here, right now (Oh Right Now)
Im lookin at you, and my heart loves the view
Cause you mean everything (Everything)
Right here, (Right here) I promise you somehow (Some
how we're gonna)
That tomorrow can wait, to some other day to be (to be)
But right now there's you and me

Ohhh we know its coming (coming), and its coming fast
But theres always you and me (Oh yeah)
So lets make this second last,
make it last
Right here,

oooh right now
Yeah Im lookin at you
and my heart loves the view
Cause you mean everything
Right here, I promise you somehow
That tomorrow can wait, for some other day to be (to
be)
But right now there's you and me

You and me
You and me
Oooh you and me
But right now there's,
You and me
