the first time we made love, it was a great big deal  
i was too scared to feel nervous from tryin  
next time we made love, still we we were not a hit  
well i thought if this is it everyone's lyin

but then we did it again  
and i forgot to be scared, i guess  
cause when we did it again, i closed my eyes  
surprise. surprise. surprise. surprise.  
surprise...surprise, ungh, surprise!

deep icescicle hot, smooth as a lemon pie  
we had begun to fly feelings in motion  
we liked it alot, you can imagine why  
sailing across the sky into the ocean

and when we did it again  
i'm thinkin this is the year for luck  
or is it wonderful once in each retry  
surprise!

instrumental bridge

it was a sweet surprise, icescicle hot  
smooth as a lemon pie  
surprise surprise, surprise surprise  
surprise...surprise.
