(This is a version of "The Smiths")

Take me out tonight
Where there's music and there's people
Who are young and alive
Driving in your car
I never never want to go home
Because I haven't got one
Anymore

Take me out tonight
Because I want to see people
And I want to see lights
Driving in your car
Oh please don't drop me home
Because it's not my home
It's their home
And I'm welcome no more

And if a double-decker bus
Crashes into us
To die by your side
Such a heavenly way to die
And if a ten-ton truck
Kills the both of us
To die by your side
Well, the pleasure and the privilege is mine

Take me out tonight
Oh take me anywhere
I don't care, I don't care, I don't care
And in the darkened underpass
I thought "Oh God, my chance has come at last"
But then a strange fear gripped me
And I just couldn't ask

Take me out tonight
Take me anywhere
I don't care, I don't care, I don't care
Just driving in your car
I never never want to go home
Because I haven't got one

Oh, I haven't got one

There is a light that never goes out

There is a light that never goes out

There is a light that never goes out

There is a light that never goes out...
