Stephanie: You were the one, the one in my dreams,
but I never knew it.

Michael: I wanted to tell you time and again, but I
couldn't do it.

Stephanie: All that you are is all that I need, no more
pretending.

Michael: Now I can be me, and you can be you,

Stephanie & Michael: And we're never-ending, whoa oh
oh...

We'll be together, always together.

Always together. Like birds of a feather, forever and
ever,

We'll be together.

Johnny: I like what you got, I guess it's okay if you
wanna show it.

Paulette: I am what I am, and I'm all for you, just want
you to know it.

DiMucci: Will I ever score?

Sharon: There's nothin' wrong with just likin' each
other.

All: We all had our doubts, but it's workin' out,
With one another, whoa oh oh...

Chorus twice, and over and over again...
