To the beat, to the beat
To the beat, to the beat
Tell me are you, are you
Ready for the beat?

I gotta feelin
That this thing, this thing
Is gonna go down, down
On the dance floor
On the dance floor

Boy get off the wall
We gone have a ball
I'ma let the DJ know
I run this shit, this town

Proceed with this beat
Yes indeed, I want you tonight
Go on, u got the green light
Take control of me, I said Hey!

(Bridge)

Slow Down, Slow Down
When you hit the room
My heart go boom
Cuz u know how to, how to
Control the 808, Control the 808

(Chorus)

It be like boom, boom, boom, baby
It be like boom, boom, boom, baby
It be like boom, boom, boom baby
It be like boom boom boom baby
Cuz u know how to control the 808

Don't be scared, give it a tryyy

And make it last forever
You know you got the tools
