Go, strike the flint
If you think it can make a spark
Stack fuel for a fire
If there's a chance that this will burn
Guard off the rain
From wind brewing in the dark
And after you do
I still might just blow you off and turn away

â–³If you want to light my heart
â€œUse a candle, not your Bic
â€œPut up on dry land
â€œ½¢Sea of Love½£ is full of drips
â€œPour the petrol on the cloth
â€œTorch gripped tight in your fist
â€œIf you think you can be
â€œMy cardiac arsonistâ–³

â–iBlaze it up
â€œBlaze it upâ€œBlaze it up
â€œBlaze my heart tonightâ€¡â–i

You can light my soul afire
With dried up roses and a Zippo
My outer shell is fireproof
My wick has just ignited
So you had best be taking cover
Set fireâ€œGo higher
Feed ourâ€œDesire
No neverâ€œWhatever
Oh we'reâ€œForever

â€œâ–iRepeat

â€œâ–³Repeat
