Blinded
performed by Hannah

My eyes are blinded
My eyes are blinded
My eyes are blinded

Your eyes, your kiss
Every little thing that you ever do
The smile I miss
Every minute while I'm away from you
Cause you're the other side of my heart
I know that we'll never part

My eyes are blinded
My heart is waiting for you
Like a lightning
That tears apart my soul
My eyes are blinded
My heart is waiting for you
No need to fight it
I've never felt so strong

My eyes are blinded
My eyes are blinded

When dream has come
Leaving me alone with reality
Look what you've done
I depend on you
Lose my sanity
Cause you're the other side of my heart
I hope that we'll never part

My eyes are blinded
My heart is waiting for you
Like a lightning
That tears apart my soul
My eyes are blinded
My heart is waiting for you
No need to fight it

I've never felt so strong

My eyes are blinded
My eyes are blinded

My eyes are blinded
My heart is waiting for you
No need to fight it
I've never felt so strong
My eyes are blinded
My heart is waiting for you
Like a lightning
That tears apart my soul

My eyes are blinded
My heart is waiting for you
No need to fight it
I've never felt so strong

My eyes are blinded
My eyes are blinded
