"Children of the world"

Visit "[Children of the world](#)" on MotoLyrics.com

This goes out to all the children
All over the world

JC ('N Sync) :
This one's for the children
Children of the world

Nick (BSB) :
Come a little closer now
So you can see the children's eyes
There's no use in trying
When you're dealing with the dying

Brian (BSB) :
So let me have a talk with you
And hope that you believe it too
There's so many ways to help
Laughter you can bring

ALL:
Come closer now
See the children's eyes

DJ Bobo:
See the children's eyes

ALL:
You just have to give them a helping hand

[Chorus]
ALL:
With a little bit of love
And a little bit of time
You can help the children of the world
Just a little bit of love
And a little bit of hope
There're a lot of things to do
To help the children of the world

R' n' G :
R'n'G is about to take control

2-4 Family :

The only thing you got to do is set yourself free

R' n' G :

We got to help each other that's how it has to be

2-4 Family :

2-4 Fam. Here to lend a helping hand

JC ('N Sync) :

Come a little closer now

See it in their eyes

Gil :

We've got to keep on trying

Justin ('N Sync) :

To stop the children crying

ALL:

Come closer now

See the children's eyes

See the children's eyes

You just have to give them a helping hand

[Chorus]

We just have to understand

They all need a helping hand

With a little bit of love

A little bit of love

Aaron Carter :

Lots of things to do
