When I get you all alone
I'm gonna take off all your clothes
Ain't nobody gonna interrupt my game, oh no no
Ever since you've been hangin' around
I've been trying to figure out
What I can say to you to get some play, yeah

Couldn't we do what we did last night again
Baby you and I be better friends
Don't you think it's time we went a bit further, oh yeah
Every night when we say goodbye
How can I help looking in your eyes
Wondering why you and I haven't hit it
Can we get it on

Chorus:

I'm kind of faded, but I feel alright
Thinkin' about making my move tonight
I can't pretend that you're only my friend when you're
holdin' my body tight
'Cause I like the way you're making your move
I like the way you're making me wait
At the end of the night, When I make up your mind
You'll be coming on home with me, yeah, yeah, yeah

Yeah, you know you've got it
And you know I want it
I can't wait to take you home (you know you've got it
tonight)
I don't want to be rude at all
I just want to be where you go
Think what we could do alone? (yeah)

Couldn't we do what we did last night again
Baby you and I be better friends
Don't you think it's time we went a bit further, oh yeah
Every night when we say goodbye
How can I help lookin' in your eyes
Wondering why you and I haven't hit it
Can we get it on

Chorus x5
