George Strait--Go On

I'm so sorry, I keep interrupting  
What were you gonna say  
You caught him cheating, I don't blame you

For walking away  
I know where you're coming from, it sounds like where  
I've been  
Oh there I go interrupting your story once again.

Chorus  
Go on, go on  
You were saying how a fool can only fool you so long.  
It's true, it's so true  
When they do you like that, what else can you do  
But go on

Verse 2  
Our conversation won't change nothing,  
But it's sure nice to talk  
With somebody whose been cut of  
The same old cloth  
You know how you said happiness can't be found  
looking back  
If you don't mind maybe we can talk a little more about  
that.

Chorus 2  
Go on, go on  
You were saying this is better than sitting at home.  
It's true, it's so true  
When they do you like that, what else can you do

But go on

Interlude  
Even when you see no reason to  
Don't wait to live life cause it won't wait for you.

Chorus 3

Go on, please go on  
You were saying what don't kill us only makes us strong

It's true, that's so true  
When they do you like that what else can you do

But go on,  
Just go on,  
Life goes on,  
And on.
