Do you ever have that dream
Where youre walking naked down the street
And everyone just stares
Do you ever feel so deep
That you speak your mind
To put others straight to sleep
You wonder if anybody cares
Sometimes I think Im the only one
Whose day turned out unlike it had begun

And I feel bare naked
And I just cant take it
Im getting jaded
No I just cant fake it anymore
cuz Im bare naked
And I know lifes what you make it
Wish I could float away
To some other day

You ever go downstairs to start your day
But your cars not there
Yeah you know the jokes on you
You ever try your luck with a pickup line
But you just sucked
You tell yourself it wasnt you
And I know its hard to hold it inside
Its days like these I run and hide

When I feel bare naked
And I just cant take it
Im getting jaded
No I just cant fake it anymore
cuz Im bare naked
And I know lifes what you make it
Wish I could float away
To some other day

Its all a state of mind
But I dont mind trying to find a way
To keep my head above the mess I make
What the world creates

Sometimes it feels so good to let it all fall
As the world fall
I may fall
We all may fall
And then the world comes tumbling
Down down down down down

Im bare naked
And I just cant take it
Im getting jaded
No I just cant fake it anymore
cuz Im bare naked
And I know lifes what you make it
Wish I could float away
To some other day

When I feel .. feel (bare naked) .. feel
When I feel ..
Yeah no no no ..
