Copacetic, calm my frenetic, shes the s**t yall
Highly-rated, well-educated, shes an angel
Shes ambitious, beautiful, delicious, got a restaurant
I can take it, truth stripped me naked, yeah I f**ked
up...yeah

She was my girl
Used to be my world
I miss my girl
What a fine girl

She put together, says shes doing better since she let
go
Repeated dreamer, now and then I see her and we
have lunch
Ever playful, hook the jumper cable, give me fresh
spark
Sister ringing, old reminder stinging, bridges burned
hoss...yeah

Chorus

She called me up, I guess she pretty stuck, she needed
my help
It made me happy, hence the lyric sappy, I still love
her...yeah

Chorus

Such a fine girl
I miss my girl
Used to be my world
She was my girl
