[intro: marc dorsey]

This is for my number one

This is for my number one

This is for my number one

True baby for I adore

[verse 1]

This is hard to say

I wanna make sure I go about this in the right way

Cuz lately I been busy a lot

And I know you dont feel appreciated and what not

I used to tell you that youre hair looked fly

Kiss you slow and stare in your eyes

Now I talk real foul and slick

Every other sentence is, you make me sick

Back in the days I was your number one pick

Now your hearts hair-broken and thats hard to fix

I had to dig deep inside myself

Cuz I cant see you bouncin with somebody else

Its a long journey back to the place we was

When I was too embarrassed to admit I was in love

And you was my good girl that wouldnt give it up

I cant let us self-destruct

[hook: marc dorsey]

Baby smile today

Cuz I been on that journey always

Im gon love you better

When your friendsll see you too

Just when you think theres nothin else I can do

Im gon love you better

[verse 2]

When I think about the things we did

And I think about you having my kids

And I think about us sharing a crib

Losin all that, God forbid

You deserve flowers and candy, the simple things

In addition to the sls, bigets and rings

Instead I walk around like Im a king

And having you aint nothing but a thing

I even stopped tellin you the lovin was good  
Too busy frontin in the hood  
Baby girl, hold me tight dont ever let go  
Ima do it real gentle baby, nice and slow  
One more chance baby and dont say no  
Cuz I got another side to show  
Some say love is painful it helps you grow  
Well its time for the pain to go, yaknow

[hook]

[bridge x2]

Do you think I meant to hurt you? (no)  
Do you think I meant to hurt you? (no)  
So lets laugh together, cry together  
God willin we gon die together

[verse 3]

Its a brand new me, a brand new you  
A brand new day, sky so blue  
Hold my hand while I walk with you  
Sit on my lap, lemme talk to you  
No more games callin you foul names  
Actin like females is all the same  
Im gon love you better, my mentality changed  
From this day forward Ill never be the same  
Ima rub your lower back, share my dreams  
I love you, lemme show you what I mean  
Give you the deepest love a girl ever seen  
Watch you sleep, so peaceful and serene  
A toast to the queen, youre back in my life  
But this time ima do it right  
Trust me, from the bottom of my heart  
Nothins gonna tear us apart, promise
