I'm goin' downtown
Get me a rockin' chair
Gon' let my baby rock me
On away from here

She knows how to rock me
Lord, she sure can rock me
If ya ever been rocked
You know just what I mean

Now, she can rock me up
Rock me, down
Rock me, cross
Lord, she rocks me 'round

She knows how to rock me
She sure can rock me
If ya ever been rocked
You know just what I mean

'Let's rock, man'
(piano & instru.)

Now, she rocks me in
Rocks me out
She knows what it's all about

She sure can rock me
Ooh, rock me
If ya ever been rocked
You know just what I mean

'Rock with me, now'
(piano & instru.)

She rocks me to the right
Rocks me to the left
Sometime, I b'lieve
She gon' rock me to death

She knows how to rock me

Oh, rock me
If ya ever been rocked
You know just what I mean

'Lord, Lord, Lord!)

But now my gal
Is gettin' kind-a funny
Don't wanna rock
If I don't give her my money

But she sho' can rock me
Knows how to rock me
Now, if you ever been rocked
You'll know just what I mean.
