I hear... a voice say don't be so blind...  
It's telling me all these things...  
That you would probably hide...  
Am I... your one and only desire...  
Am I the reason you breath...  
Or am I the reason you cry...

Always... always... always... always... always... always...  
always...  
I just can't live without you...

I love you...  
I hate you...  
I can't live without you...  
I breathe you...  
I taste you...  
I can't live without you...  
I just can't take anymore...  
This life of solitude...  
I guess that I'm out the door...  
And now I'm done with you...

I feel... like you don't want me around...  
I guess I'll pack all my things...  
I guess I'll see you around...  
Inside... it bottles up until now...  
As I walk out your door...  
All I can hear is the sound...

Always... always... always... always... always... always...  
always...  
I just can't live without you...

I love you...  
I hate you...  
I can't live without you...  
I breathe you...  
I taste you...  
I can't live without you...  
I just can't take anymore...  
This life of solitude...

I guess that I'm out the door...  
And now I'm done with you...

I love you...  
I hate you...  
I can't live without you...

I left my head around your heart...  
Why would you tear my world apart...

Always... always... always... always...

I see... the blood all over your hands...  
Does it make you feel... more like a man...  
Was it all... just a part of your plan...  
This pistol is shakin in my hands...  
And all I hear is the sound...

I love you...  
I hate you...  
I can't live without you...  
I breathe you...  
I taste you...  
I can't live without you...  
I just can't take anymore...  
This life of solitude...  
I guess that I'm out the door...  
And now I'm done with you...

I love you...  
I hate you...  
I can't live without you...

I love you...  
I hate you...  
I can't live without you...  
I just can't take anymore...  
This life of solitude...  
I pick myself off the floor...  
And now I'm done with you...  
Always...  
Always...  
Always...
