Imajin f/ Keith Murray---Shorty You Keep Playin Wit My Mind

Chorus:

Shorty you keep playin with my mind,
You tease me all the time but I've had enough
Maybe I should ask your girlfriends why
Why you are so afraid to fall in love

Girl I wanna get next to you
You know I don't like sweatin you
But sumthin bout the way you make me feel
You got me in this fantasy
And all my friends keep tellin me
Shorty's kinda hot so what's the deal

Cuz you've been spendin, wantin, livin, showin
You got some to play (got some time to play baby)
But you've been playa-hatin, waitin for this
Time to pass away (for this time to pass away)

Chorus

You'll only get the best with me
I wanna give you everything
And anything you ask of me I will
And I don't wanna front on you
So tell me what you wanna do
And if I'm not the one just keep it real

Cuz you've been spendin, wantin, livin, showin
You got some to play (girl not time to play)
But you've been playa-hatin, waitin for this
Time to pass away (for this time to pass away)

Chorus

Keith Murray:

Now first of all baby what's my name?
Spell it backwards and you'll read game
I know if you splittin wigs you'll read em brain

And when I say splittin wigs and read em brain
I mean breaking it down conversation wise, let me
explain
I'm in your corner girl be on my team
Together we can fulfill each other's life dreams
We both Gemini so we got two sides
Our zodiac sign is the perfect sign
And she reply 'all Gemini's lie'
I guess this is what it feels like when doves cry
Your attitude I'd deep, comfortable, gimme the number
Cold play me out like a foul out, bleep or a blunder
It's like a burnin' in the chest, a cardiac arrest
You look like havin fun puttin me through stress
So in between time and in the meanwhile
You do your thing and I'll do mine

Shorty, shorty, won't you please get naughty with me
And if you really wanna I can be your fanatsy
(You are so afraid, oh baby)

Chorus (repeat til end)
