They try to keep you scared and small
Telling you the world ain't safe at all
Gotta smash the smokescreen
Don't swallow the lies they feed
They wage a war that's based on greed
Don't believe your TV
Gotta know your enemy
We're the kids
We're quite aware
Of the rotten smell that's in the air
The power games have got to stop
Time's up,
Time's up,
Time's up
People die
people lose their hope
Cheated by the man who cut the rope
Watch the world fall down-down
I guess, it must be nice up there
But did you really think nobody cares?
Gotta step down-right now
Time's up-we can't take anymore
No more,
No more,
No more
We're the kids
We're well aware
And we ain't gonna sit around and stare
A fact's a fact
Enough's enough
Time's up
Time's up
Your time's up now
