Don't tell me where to go,
don't tell me what I know, I'll go where I want to
Don't tell me what I like,
don't tell me your 'wrong from right', I'll do what I want
to

Got so many choices I should make,
there's so many roads I wish I could take
I'm just trying hard to get away, but you leave guilt trips
in my way

I mean, come on, I'm a grown-up now
And, I'm still here wondering aloud
When you will say, "there's no doubt"
When I will know that I'm allowed

When I'll know you're proud
When I'll know I am allowed
When I'm not tied down... by your views

There's no room for me to grow,
there's no view for me to know, if you keep on blocking
my road
There's no life for me to live,
there's a lot that I could give, please take back your
view from me

Got so many choices I should make,
there's so many roads I wish I could take
I'm just trying hard to get away, but you leave guilt trips
in my way

I mean, come on, I'm a grown-up now
But, I'm still here wondering aloud
When you will say, "there's no doubt"
When I will know that I'm allowed

When I'll know you're proud
When I'll know I am allowed
When I'm not tied down... by your views
