[Verse 1 - Pegz and Muph]

P: I'm not ready for marriage, sex with a nanny  
Having affairs with friends of the family

I know a lot of hardcore heads understand me  
That life as an artist is forever demanding

I can't handle the pressure of planning  
Checking your arse like retina scanning

M: Hey yo, calm down, this is what I wanted

Be happy for me, I found a girl who's on it

This is my life, feels right to make the promise

P: Maaan, I think I'm gonna vomit

Little gromits, bring pain, shrink wallets

I'm only trying to spit honest and kick knowledge

M: I'm not concerned with the size of my pockets

P: So how you gonna provide, with ya profits

M: You still ain't got it, we both got jobs

2006 and there ain't no boss

Work half as hard and halve the costs

Safe as an Armaguard parking spot

P: Fourteen years of relationships

And I don't believe shit like an atheist

I want to wake up, party with a Baywatch body

Not wake up grumpy with a brain that's throbbing

M: I wanna make love, to favourite honey

Hold her in my hands like Australian currency

Study her like a book, that's mine for good

P: I'ma study her from behind and inside the hood

[Hook x2 - Pegz and Muph]

So come on!

We could be happily married

Come on!

This ain't Harry met Sally

Come on!

There's something that you need to know

Leave it alone, it's each to their own

[Verse 2 - Muph]

I found something sweet to keep

You'll be old and bitter, wishing you were me

Accompanied by crabs and other STD's

Top it all off you'll catch Ben Lee's disease  
Please, no matter how strong  
You can't replace the male and female bond  
How long can you con a girl out of a skirt?  
Before you come across a loss that actually hurts  
Too much work to insert for no reward  
Besides if I like I could always get divorced  
Beautiful law, the net for safety  
While you're on your drought, I'm getting laid daily  
Cause I know one brother who never got hitched  
Now he's living like shit  
And I know one brother who never took a risk  
Now he's constantly pissed

[Hook x2]

[Verse 3 - Pegz] (+ Muph)

No honey, yes honey, please honey get something  
Don't forget milk and bread, saving the rent money  
You wanna take her for the day's food  
I wanna take her just to \*fuck\* in the change room  
You wanna, get clucky like Donald Duck  
You gonna, get screwed like Donald Trump  
Cause I know you're in love but it's not enough  
I've seen a lot of good couples go bottom up  
Yo Muph! Let me ask you a question  
Is your father at all mafia connected?  
Cause I know brother used to cheat on his misses  
Now he... Sleeps with the fishes  
(Yeah I know one brother used to treat em like bitches  
Now he... Sleeps with the fishes)  
Yo bro I ain't doubting your faith  
We got a thousand tour dates and an album to make

[Hook x2]

[Repeat x2]

Come on!  
Come on!  
Come on!  
There's something that you need to know  
Leave it alone, it's each to there own

[Outro]

M: Well I just want to settle you know, stress free  
So I can more music for once  
P: Well tell me how fucking stress free it is?  
M: Yeah it's not very stress free  
But anyway, you know, its worth it man  
P: Oh bullshit  
M: Yeah it's worth it

I'll wear me stubby shorts, and me ahh, me thongs  
P: I'll wear me fucking funeral suit  
Hahahaha
