There's a place where I like to go
When I got no food or I got no shelter
It's a house where I can get away
For maybe 3 days
To get off the drink and stay off the haze

Who's the opposition I'm 7 years down
The human spirit prevails
Yeah I'm down down down

Woke up in the bushes 6:30 Tuesday morning
With a unopened Heineken a head that was burning
For 7 years I walked the same path
Dreams of being loved was all I ever had

Who's the opposition I'm 7 years down
The human spirit prevails
Yeah I'm down down down

Down on the prarie kids smoking crack and drinking
They said you don't belong here fuck you mohican
They called me a faggot and they shut me out
But I don't give a fuck I never did
