Woke up early this morning
Made my coffee like I always do
Then it hit me from nowhere
Everything I feel about me and you
The way you kiss me crazy
Baby you're so amazing

Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the 8th world wonder

I guess that I'm just falling
Deeper into something I've never known (yeah)
But the way that I'm feeling
Makes me realize that it can't be wrong
You're love's like a summer rain
Washing my doubts away

Seven days and seven nights of thunder
The waters rising and I'm slipping under
I think I fell in love with the 8th world wonder

It's only been a week but
It's coming over me
It's making me believe that
You're the one for me

Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the eighth world wonder

Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the eighth world wonder

Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the eighth world wonder

Seven days and seven nights of thunder...
The water's rising and I'm
I think I fell in love with the eighth world wonder
