Eight o'clock and moving close  
Now we're dressed to kill ready to go  
Cause tonight we're in the mood  
So hold on tight  
This rollercoaster's cutting loose  
There ain't no way we're holding back  
Gonna raise the roof and that's the fact  
So don't stop, no time to loose  
Get on board this hurricane is coming through

Raise your hands and get counted in  
Swing your body, shake it down now

So don't think twice  
Join the celebration  
First class ticket to a positive vibration  
So feel the vibe all across the nation  
Say yeah to the new groove generation

We're no angels, that's no lie  
We're gonna party till the end of time  
If getting down is our crime  
We plead guilty and we're not afraid to do our time

Spread the word get ready to begin  
Feel the power, here we go again

So don't think twice  
Join the celebration

A little taste of heaven  
Can you feel it  
That's what you've been given
