The summer that we wanted
Yeah, we finally got it
And now's the time we get to share

Each day we'll be together
Now until forever
So everybody, everywhere

Let's take it to the beach
Take it there together
Let's celebrate today
'Cause there'll never be another

We're stronger this time
We've been there for each other
Every thing's just right

Everybody, all for one
A real summer has just begun
Let's rock 'n' roll and just let go
Feel the rhythm of the drums

We're gonna have fun in the sun
Now that all the hard work, work is done
Everybody, one for all and all for one
All for one, all for one, one

Summertime together
Now, we're even closer
That's the way it's meant to be

Oh, we're just getting started
Come and join the party
You deserve it, same as me

Let's take it to the beach
Take it there together
Let's celebrate today
'Cause there'll never be another

We're stronger this time
We've been there for each other

Every thing's just right

Everybody, all for one
A real summer has just begun
Let's rock 'n' roll and just let go
Feel the rhythm of the drums

We're gonna have fun in the sun
Now that all the hard work, work is done
Everybody, one for all and all for one

Everybody up
Everybody rock it
Take it from the top
And never ever stop it

It's not about the future
It's not about the past
It's makin' every single day
Last and last and last

Fun and sun, what could be better
Let's have fun, everyone together now
Everybody, everybody now

This is where our summer really begins
The very last time it's ever gonna be like this
It's a party you don't wanna miss

Guys, show 'em we can make some moves, hey
Girls, show 'em we know how to groove, oh
Here and now, let's turn the party out
Everybody jump in

Everybody, all for one
A real summer has just begun
Let's rock 'n' roll and just let go
Feel the rhythm of the drums

We're gonna have fun in the sun
Now that all the hard work, work is done
Everybody, one for all

Everybody, all for one
Let's rock 'n' roll and just let go
Feel the rhythm of the drums
We're gonna have fun in the sun
Now that all the hard work, work is done

Come on, everyone let's dance
We can't let this moment pass

Let's make the party last
All for one, all for one
