There'll be no strings to bind your hands
Darling love can find your heart
And there's no need to take a stand
'Cos I who choose to start

I see no reason to take me home
I'm old enough to face the dawn

Just call me angel of the morning, angel
Just touch my cheek before you leave me, baby
Just call me angel of the morning, angel
Then slowly turn away from me

Maybe the sun's light will be dim
But it won't matter anyhow
If morning's echoes say we've sinned
It was what I wanted now

And if we're victims of the night
I won't be blinded by the light

Just call me angel of the morning, angel
Just touch my cheek before you leave me, baby
Just call me angel of the morning, angel
Then slowly turn away

I want you to stay with me
And I'll prove, get it through
Everyday

Baby baby
Just call me angel of the morning, angel
Just touch my cheek before you leave me, baby
