There was a rapture  
so I can never see you anymore  
Nightmare is believable  
walking into sweet oblivion

I'm not saying it's easy, no no  
To feel it all or not at all  
When somebody say, "lay down your gun"  
And when you lay it down you're ready to run

Situation dire,  
it's going away, it's not going away  
Since you're wasting time again, my friend  
On Bonnie Brae, on Bonnie Brae, on Bonnie Brae

If she's your master (If she's your master)  
Then you'll get down on your knees and beg for more  
I'm not saying it's easier  
To live your life like her little whore (Life like her little...)

'Cause when you play with fire  
Take your fate, it's not going away  
Situation dire  
On Bonnie Brae, on Bonnie Brae, on Bonnie Brae

The soul, the screen, the smoke in between  
The rise, the fall, the thrill of  
The first, the last, the sins of the past  
The burn, the fade, the skin that you flay

Gonna see the sun kill everyone  
But me,  
I'm free indubitably  
And you better breathe

There was a rapture  
so I can never see you anymore  
I'm not saying it's easy  
I'm not saying it's easy
