I never understood before, I never knew what love was for

My heart was broke, my head was sore, what a feeling
Tied up in ancient history, I didn't believe in destiny
I look up, you're standing next to me, what a feeling

What a feeling in my soul
Love burns brighter than sunshine, brighter than
sunshine
Let the rain fall, I don't care
I'm yours and suddenly you're mine, suddenly you're
mine
And it's brighter than sunshine

I never saw it happening, I'd given up and given in
I just couldn't take the hurt again, what a feeling
I didn't have the strength to fight, suddenly you
seemed so right
Me and you, what a feeling

What a feeling in my soul
Love burns brighter than sunshine, it's brighter than
sunshine
Let the rain fall, I don't care
I'm yours and suddenly you're mine, suddenly you're
mine
And it's brighter than the sun, it's brighter than the sun
It's brighter than the sun, sunshine

Love will remain a mystery
But give me your hand and you will see
Your heart is keeping time with me

What a feeling in my soul
Love burns brighter than sunshine, it's brighter than
sunshine
Let the rain fall, I don't care
I'm yours and suddenly you're mine, suddenly you're
mine

Got a feeling in my soul
Love burns brighter than sunshine, brighter than

sunshine
Let the rain fall, I don't care
I'm yours and suddenly you're mine, suddenly you're
mine

I got a feeling in my soul
Love burns brighter than sunshine, it's brighter than
sunshine
Let the rain fall, I don't care
I'm yours and suddenly you're mine, suddenly you're
mine
And it's brighter than sunshine
