Girl, you know I love you  
No matter what you do  
And I hope you understand me  
Every word I say is true  
~Cause I love you

Baby, I'm thinkin' of you  
Tryin' to be more of a man for you  
And I don't have much riches  
But we gonna see it through  
~Cause I love you

Some men need lots of women  
For their passions to feel  
But I want only you, girl  
If it's in, if it's in, if it's in  
God's will  
~Cause I, ~cause I love you

I, I love you, baby  
With all my heart and soul

I love you, I need you  
I want you, I need you

Oh, your love makes me grow stronger  
It keeps goin' on, oh, baby  
I'm glad I found you  
I just love to be around you, oh baby  
You've been so good to me, oh, baby

You know, one time things got so bad until  
I had to go to one of my friends and talk to him  
And I told him, I said, "You know  
I'm having problems with the woman that I love  
It seems that I call her on the phone  
And I, I just can't get her to answer  
And then I went to her house  
And I saw a car parked in the driveway  
I knocked on the door, but still my knocks went  
unanswered

And then I went home and I  
I watched television until television went off  
And then I played my records until  
I just didn't want to hear them anymore  
And finally I went to bed, but I found myself  
Waking up a few hours later  
And the tears were running down my face

And my friend told me, he said, "Lenny  
You just ought to forget about her"  
But I told my friend, I said, "You know  
Maybe you've never been in love like  
I've been in love  
And maybe you've never felt the things that  
I've felt"  
But this is what I told my friend  
I said, "You know, sometimes you get lonely  
You get lonely, you get lonely"

And I cry, I cry  
And the tears would fill up in the wells  
In the wells of my eyes, oh baby  
And then it got so bad, it got so bad  
Till one time I thought I'd roll myself up  
In a big ol' ball and die and then I met you,  
darlin'  
And you smiled at me  
Oh, oh, it was such a pretty smile, yes, it was

And you reached out your hand  
You helped me, you helped me, you helped, oh  
I'm glad, baby, I'm glad, baby  
Oh, oh, oh, baby, I won't ever leave you, baby  
I won't ever grieve you, baby  
I'm gonna love you, oh, oh, oh, baby  
I'm glad, I'm glad, baby  
Oh, oh, yeah, baby, oh, oh, oh

I love you  
I love you  
I love you
