I realize I'm dead I'm fucked in the head  
I'm not living without you  
My life is a game my life is a shame  
I'm not living without you  
My heart is a joke and my life has been choked  
And I'm not living without you  
My life is alone my life is alone  
I'm not living without you  
You're bleeding me (3x)  
You're bleeding  
I realize I'm dead I'm fucked in the head  
I'm not living without you  
My life is a game my life is a shame  
I'm not living without you  
This heart has been choked and my life is a joke  
And I'm not living without you  
You're bleeding me (3x)  
You're bleeding...You!  
You've taken all from me  
What I have to see  
What I cannot be inside you  
My love my God my love bleeding me  
What's this? what's this?  
I can't live  
I realize I'm dead I'm fucked in the head  
I'm not living without you  
My life is a game my life is a shame  
I'm not living without you  
This heart is a joke and my life has been choked  
AND I'm not living without you  
And my life is a game my life is a shame  
I'm not living without you  
You're bleeding me (3x)  
you're bleeding... you!
