Feels like I came alive just yesterday,  
feels like I'm always gonna feel this way,  
hearts have been set in motion,  
worlds have been turned around,  
when you've been lost you know when you've been  
found.

Easy to hide and live your life apart,  
easy to find new ways to kill the heart,  
now goin' through some changes,  
laughter's one of those things,  
now I can dance in sunshine or in rain.

Come and follow me,  
to wherever the life breaks through,  
come and follow me,  
and your gonna be dancin' too,  
in your eyes I see,  
your alive as me,  
so whenever I'm lost than I can follow you.

Too many people throw it all away,  
can't seem to take another empty day,  
the trick is to keep believing,  
the trick is to simply see,  
just how great the gift of life can be!

Come and follow me,  
to wherever the life breaks through,  
come and follow me,  
and your gonna be dancin' too,  
in your eyes I see,  
your alive as me,  
so whenever I'm lost than I can follow you.

Just when your life seems to be goin' good,  
you will be there I know like a true friend,  
helpin' me shine again, (to shine again)!!!

Come and follow me,  
to wherever the life breaks through,

come and follow me,  
and your gonna be dancin' too,  
in your eyes I see,  
your alive as me,  
so whenever I'm lost than I can follow you.

Come and follow me (come and follow me) baby!!!  
(Follow Me) You know that a, you know,  
in your eyes I see, your alive as me,  
so whenever I'm lost than I can follow you.  
(oooh\_\_) oh, babe\_\_ (just follow me)  
In your eyes I see, your\_\_ alive as me  
So whenever I'm lost than I can follow you,  
(yeah) come and follow me, follow me, follow me baby,  
come and follow me baby\_
