"Come Unto Me"

Are you looking for someone to be gentle
With your broken heart your shattered dreams
And are you searching for someone who'll be faithful
To you no matter what life brings
Well I know the maker of the storm the sunrise
He is both the lion and the lamb
He is strong enough to shake all earth and heaven
Yet meek enough to take me as I am.

He says come unto me
All who are weary
And I will give you rest
Bring what hurts
Bring your scars
Bring the load that you carry
And I will give you rest

Are the clouds above your head oh so heavy
Bursting with showers of despair
And do you struggle under more then you can carry
Has life given more then you can bear
And would you like to trade your failures in for victories
Like piles of ashes in for piles of gold
And can you fall down like a child who is helpless
So he can pick you up and make you whole

He says come unto me
All who are weary
And I will give you rest
Bring what hurts
Bring your scars
Bring the load that you carry
And I will give you

la la la la la la
la la la la la la
la la la la la la la la la la
la la la la la la

Come---

All who are weary
And I will give you rest
Bring what hurts
Bring your scars
Bring the load that you carry
And I will give you

Come---
All who are weary
Come---
All who are weary
(Riff several lines)
He says come!
