I know that you'e down by the way you're watching me
you take my words away and I can hardly speak
there's just room for two in my fantasy
so baby lose your crew and come away with me

turn down the lights and light up the party
I got the ride and you got the naughty
leave your boys with my girls tonight
come home with me, asap
turn down the lights and light up the party
I got the time and you got the body
leave your boys with my girls tonight
come home with me, asap

tonight's the night and it's only just begun
all the boys and the girls are gonna (f***) tonight
so turn the naughty on
tonight's the night and it's only just begun
all the boys and the girls are gonna (f***) tonight
so turn the naughty on

I like what you say by the way you rock your shoes
and the way you wear your smile got me really digging
you
all this bump and grind makes everyone a freak
so baby lose your crew and run away with me

turn down the lights and light up the party
I got the ride and you got the naughty
leave your boys with my girls tonight
come home with me, asap
turn down the lights and light up the party
I got the time and you got the body
leave your boys with my girls tonight
come home with me, asap

tonight's the night and it's only just begun
all the boys and the girls are gonna (f***) tonight
so turn the naughty on
tonight's the night and it's only just begun
all the boys and the girls are gonna (f***) tonight

so turn the naughty on

gotta getch yah out of my mind
gotta getch yah out of my head
gotta getch yah into my life
gotta getch yah in my bed
