You know everything I'm afraid of
You do everything I wish I did
Everybody wants you, everybody loves you
I know I should tell you how I feel
And I wish everyone would disappear
Everytime you call me, I'm too scared to be me
And I'm too shy to be me

Chorus:

Ooh, I got a crush on you (crush on you)
I hope you feel the way that I do
I get a rush when I'm with you
Ooh, I've got a crush on you (crush on you)

You know I'm the one you can talk to
And sometimes you tell me things that I don't want to
know
I just want to hold you
And you say exactly how you feel about her
And I wonder, could you ever think of me that way

Chorus

Ooh, I wish I could tell somebody
But there's no one to talk to
Nobody knows I've got a crush on you
A crush on you, I got a crush
You say everything that no one says
But I feel everything you're afraid to feel
I will always want you, I will always love you

Chorus
