Strolin' in the park
Watchin' winter turn to spring
Walkin' in the dark
Watchin lovers doin' their thing

Now's the time
Feel like makin' love to you
That's the time
Feel like makin' dreams come true
Ooh baby

When you talk to me
When you're moanin' sweet and low
When you're touchin' me
And my feelings start to show

Now's the time
Feel like makin' love to you
That's the time
Feel like makin' dreams come true
Ooh baby

in a restaurant
Holdin' hands by candlelight
While i'm touchin' you
Wanting you with all my might

Now's the time
Feel like makin' love to you
That's the time
Feel like makin' dreams come true
Ooh baby
