Come on, let's go  
Mary J, Bad Boy  
Collaboration, yeah  
Now we won't stop, let's go

Baby don't, don't go, you know I need you so  
Sometimes my pride gets in the way  
I say things I don't mean when I think you're hurting me  
I love you more and more each day, each day and

I didn't, didn't mean to make you cry  
I don't want, don't want you to say goodbye  
I didn't, didn't mean to make you sad  
You're the best love I ever had

And nothin', nothin's goin' to tear us apart  
And for this, for this love we worked so hard  
So can we, can we try to work it out?  
I'm yours, all yours without a doubt

I know that living with me can sometimes be unhappy  
But I really need you in my life, yeah  
'Cause every part of me you totally complete  
Remember to make me your wife, please and

I didn't, didn't mean to make you cry  
I don't want, don't want you to say goodbye  
I didn't, didn't mean to make you sad  
You're the best love I ever had

And nothin', nothin's goin' to tear us apart  
And for this, for this love we worked so hard  
So can we, can we try to work it out?  
I'm yours, all yours without a doubt

I didn't, didn't mean to make you cry  
I don't want, don't want you to say goodbye  
I didn't, didn't mean to make you sad  
You're the best love I ever had

And nothin', nothin's goin' to tear us apart  
And for this, for this love we worked so hard

So can we, can we try to work it out?  
I'm yours, all yours without a doubt

I didn't, didn't mean to make you cry  
I don't want, don't want you to say goodbye  
I didn't, didn't mean to make you sad

And nothin', nothin's goin' to tear us apart  
And for this, for this love we worked so hard  
So can we, can we try to work it out?  
I'm yours, all yours without a doubt

We're only human baby, we're gonna make mistakes  
Boy I really need you to forgive me  
Why can't we let this go, I love you more than you know  
I really need you to forgive me, forgive me
