You've tried every trick in the book
To get that boy to look
And still the road is dark and dim...
If love's just not on his map
It could be right in his lap
And still it won't get through to him

Wise up, girl,
Boys only pay attention
When they see the sign that says...

(CHORUS)

Entering Bootytown
So shake that booty now
'Cause your booty is the way into his hea-ea-eart
Girl don't you realize
One detour at your thighs
Is a right turn that can break his world apart

You've been here with him before
But he just closes the door
And says "we're better off as friends"
Tonight he'd better beware
There's something hot in the air
Your wait is coming to an e-end

No rules now...
Gonna use every weapon 'til he
Knows he's crossed the line....

and He is...

(CHORUS)

Enter (enter enter enter) (x4)

No rules now...
Gonna use every weapon 'til he
Knows he's crossed the line...

and He is

CHORUS (x2)
