1 - [eve & alicia]

I just want to rock you  
All night long, oh  
(I wanna rock you)  
I just wanna rock you  
All night long, oh

[eve]

Yo, need you to understand me, daddy  
I ain't your average baby girl  
Doin' the dog, I'm well established  
I ain't tryna lead you on  
Just wanna ask if ya might wanna give me your name  
Explain your status  
You know I see you from time to time  
You seem available, don't mean shit  
I know these bitches wanna settle you  
Gotta say you on my short list of few  
Them other dudes is ok, but I'm feeling you  
Want you in the best way, whatchu gon' do about it  
Why don't you just ask me, you won't wanna do without  
it  
Know I'm comin' at you hard, heatin' the thug  
And I ain't givin' up 'till I get that gangsta love

Repeat 1

I know you see me this night, that night, always my shit  
tight  
Hair done, outfit crazy, skirts fit just right  
Wife-beater with a bangin' tan  
Walked in demanding all eyes, baby here I am  
Ain't ashamed of my frame and I know you watching  
Puttin' on a show for you pop, I ain't stoppin'  
Alot of action in your corner, yeah, you doin' it too  
Only thing to make it better though, is me with you  
'cause I know you're feelin' that regardless of your  
frontin'  
And I heard through the streets, it was me you're  
wanting  
Let me find out you're shy something, but I know you're  
not

So stop the games and approach, is you real or not

Repeat 1

Ok, numbers exchanged, now it's in place  
Shouldn't of took you so long in the first place  
I'm just playin' cutie, yeah, give me a call  
No it's cool, you ain't gotta see me to my car  
I'm a big girl, but you'll find out  
Stuck for me while I drop-top and ride out  
Wheels spinnin', wanna know what shorty's all about  
But it's cool, I'm droolin' and these words is comin' out  
my mouth

It's that gangsta lovin'  
That just got me buggin'  
It's that gansta lovin'  
That just got me buggin'

Repeat 1

[alicia]

I wanna rock you baby  
I wanna hold you baby  
Won't you be my baby  
I wanna be your lady

I wanna rock you baby  
I wanna hold you baby  
Won't you be my baby  
I wanna be your lady  
Yeah yeah

[eve]

Baby let me rock with you  
Know I wanna rock with you  
Baby let me rock with you  
You know I wanna rock with you

Repeat above until fade
