[Chorus 1]

Everyone's a star  
Look inside and you know you are

[Verse 1]

I saw a man dancing on the corner  
Hat out, he was dancing for quarters  
Every time, see a smile on his face  
Never concerned with the fortune or fame  
Saw a girl playing with her dollies  
Brother took one then she called for her mommy, she  
started crying  
said, one thing, I know Mama's flying out like a  
superhero

[Pre-Chorus]

It's hard to see but you know that anyone can fly  
Open your eyes, see the truth and you will realize that

[Chorus 2]

Everyone's a star  
Look inside you know you are  
You can reach the sky  
We can all play the part  
'Cuz everyone's a star

[Verse 2]

Teachers Teach on  
Taxis Blow your horns  
Sweeper sweep on  
DJ's keep rocking 'till the break of dawn  
The simple things can be so profound  
Bus drivers make the world go round  
Everybody's got a thing they do  
Mailman, trash man, waiters too

[Pre-Chorus]

It's hard to see, but you know, that anyone can fly,  
Open, your eyes, see the truth, and you will realize  
that...

[Chorus 2]  
Everyone's a star  
Look inside and you know you are!  
You can reach the sky  
We can all play the part  
'Cuz everyone's a star

[Chorus 3]  
Everyone's a star  
All your dreams are never too far, no, no  
You can shine so bright  
'Cuz you know in your heart that everyone's a star

[Pre-Chorus]  
It's hard to see, but you know, anyone can fly  
If you open your eyes, you will see the truth, and you,  
you, will realize

{Spoken}
