I lie  
I wait  
I start  
I hesitate  
I am  
I breath  
I melt  
I think of me  
Is it any wonder I can't sleep?  
All I have is all you gave to me  
Is it any wonder I found these  
Through you  
Turn to the gates of heaven, to myself feel down  
Turn away from Eye  
It's not enough  
Just a touch  
It's not enough  
I taste  
I love  
I call  
I bleed enough  
I hate  
I might  
I was  
I want too much  
Is it any wonder I can't sleep?  
All I have is all you gave to me  
Is it any wonder I found these  
Through you  
Turn to the gates of heaven, to myself feel down  
Turn away from Eye  
It's not enough  
Just a touch  
It's not enough  
Just a touch  
It's not enough  
Just a touch  
It's not enough  
Just a touch  
It's not enough  
Just a touch
