When I get you all alone  
I'm gonna take off all your clothes  
Ain't nobody gonna interrupt my game, oh no no  
Ever since you've been hangin' around  
I've been trying to figure out  
What I can say to you to get some play, yeah

Couldn't we do what we did last night again  
Baby you and I be better friends  
Don't you think it's time we went a bit further, oh yeah  
Every night when we say goodbye  
How can I help looking in your eyes  
Wondering why you and I haven't hit it  
Can we get it on

Chorus:

I'm kind of faded, but I feel alright  
Thinkin' about making my move tonight  
I can't pretend that you're only my friend when you're  
holdin' my body tight  
'Cause I like the way you're making your move  
I like the way you're making me wait  
At the end of the night, When I make up your mind  
You'll be coming on home with me, yeah, yeah, yeah  
yeah, you know you've got it  
And you know I want it  
I can't wait to take you home (you know you've got it  
tonight)  
I don't want to be rude at all  
I just want to be where you go  
Think what we could do alone? (yeah)

Couldn't we do what we did last night again  
Baby you and I be better friends  
Don't you think it's time we went a bit further, oh yeah  
Every night when we say goodbye  
How can I help lookin' in your eyes  
Wondering why you and I haven't hit it  
Can we get it on

Chorus x5
