CHORUS: Finally it has happened to me
Right in front of my face
My feelin's can't describe it
Finally it has happened to me
Right in front of my face
And I just cannot hide it

Meeting Mr. Right, the man of my dreams
The one and only true love or at least it seems
With brown coco skin and curly black hair
It's just the way he looks at me, that gentle lovin' stare

Finally you come along
The way I feel about you it just can't be wrong
If you only knew the way I feel about you
I just can't describe him oh no no

CHORUS
CHORUS

It seemed so many times he seemed to be the one
But all he ever wanted was to have a little fun
But now you've come along and brightened up my
world
In my heart I feel it I'm that special kind of girl

Finally you come along
The way I feel about you it just can't be wrong
If you only knew the way I feel about you
I just can't describe him oh no no

CHORUS
CHORUS

Finally
Oooooooh finally yeah yeah
Oh

RAP: True love, a feelin' I never knew
Until you came into my life and now it's real
I never knew that I would find the time
Before you I thought love was blind

And my life was coastin' out my emotion
Too strong for words, you're set for devotion
A-pushin' me from mutual attraction
True love, the chemical reaction

Then my actions
Reflect those of a way to makin' this a better love
A never ending plan like man and wife
Flavourful to my life like a spice

Summon me to death, you're my big mean of
protection
My one and only source of affection
So I'm puttin' all games behind me
I've been lookin' for the key to love and I've found it
finally
