Common amount of the time at home
Hardly a world on the telephone
Finally find the time to get to know ya

Mapping it out like a master plan
Something to do with my idle hands
Write you a letter addressed from California

Vivid and strong in my memory
Absence that smacks of abandoning
Led to the battle that ultimately destroyed us

Nothing if I don't know your mistakes
The pill is as bitter as I can take
Twists like a blade when I leave for California

La da la da da da da da da da da da
La da la da da da da da da da da da

Hope that you know this is killing me
It's all in the name of the family
I only can play the cards the dealer dealt us

The end of the cycle is closing in
You I see new hope begin again
Suddenly seems to be promise in California

La da la da da da da da da da da da
La da la da da da da da da da da da

Heavy as all this is weighing me
Believe in the words I am promising
I'm still here for her

Distance is only an obstacle
Hardly a match for a miracle
I'm finally ready to go to California
