Baby baby, just a little bit

Baby baby, just a little more

Baby baby, let me see ya

Walk to me, talk to me, handle me right
I did cause a commotion

I can't help but make a scene

I ain't looking for something permanent to get at me

If you want it, you can keep it

Tell you what it's gonna be

You better step up your game

Before you can step to me
Can't you see me walking through the door

Maybe I should turn it up a little bit more

I can't help but feel responsible

For what the girls hate

And the boys adore
Say hey what's it gonna be tonight

Come hit me up

Come hit me up

Say hey party with me tonight

Come hit me up

Come hit me up

Say hey we been running all night

Come hit me up

Come hit me up

I know you feel it cause you checking me right

Come hit me up

Come hit me up
Baby baby, just a little bit

Baby baby, just a little more

Baby baby, let me see ya

Walk to me, talk to me, handle me right
I walk in jaws all be droppin

It's so electrified

Don't mean to intimidate

Don't mean to make you lose your mind
(If you want this, work it for this)

Show me that you got what's right

You better make an impression

Won't get another try
Didn't you see me walkin' through the door

Maybe I should turn it up a little bit more

I can't help but feel responsible

For what the girls hate

And the boys adore
Say hey what's it gonna be tonight

Come hit me up

Come hit me up

Say hey party with me tonight

Come hit me up

Come hit me up

Say hey we've been running all night

Come hit me up

Come hit me up

I know you feel it cause you checking me right

Come hit me up

Come hit me up
Baby baby, just a little bit

Baby baby, just a little more

Baby baby, let me see ya

Walk to me, talk to me, handle me right
