You know what, baby

I need to tell you somethin' and

It's blahblahblah take this time out and just listen very close

You hear me, listen

Can I have you for a minute, don't get shy 'cause my heart's in it

When I say you got me strung out

I don't know and I can't call it, but whatever it is you got it, nah, babe

Without a doubt, yeah

Never been the one to play and I don't like to be needed

But now I guess that's all changed

That's why I get mad at your folks 'cause I don't want

You to go, no, babe I want you to stay
You can say I'm trippin' but I'm stingy

And I can't hide it (I just wanna keep you warm)

Wanna keep you all to me, I'm selfish

Why try to fight it (baby, you're the only one)
You're the only one (yeah) with the only love

That's strong enough to claim me (come on)

So please forgive me (please), I'm just stingy (mmm, hmm)

But how can you blame me (listen)

Baby, tell em how you do it 'cause you got me so into it

I'm gone, but I don't understand

So amazin', captivatin', elevatin', any way you try to put
it

I wanna be your man
So if you want me to be yours

I don't, it's alright, I'm for it, I would so adore it

Nothin' turns me on more than bein' with you, baby,

I'm not trippin'
You can say I'm trippin' (no, I ain't) but I'm stingy

And I can't hide it (mmm,no, I just wanna keep you)

Wanna keep you all to me (oh, yes, I do), I'm selfish

Why try to fight it (baby, you're the only one)
You're the only one with the only love
That's strong enough to claim me (oh, yes, you are)

So please forgive me (hey...), I'm just stingy

But how can you blame me
Do what you want

Anything, anything (oh, anything, I'm all yours), i'll

Go along (yes, I am)

'cause can do no wrong (can do no wrong)

Everything, everything, I do it 'cause I'm so wide

Open
No jokin', you got me right where you want me to be

I just hope you feel the same 'cause I don't want

Nothin' to change

This is where I wanna be

So if you wanna put me on, I don't mind, it's alright

I'm for it, I would so adore it

Nothin' turns me on better than bein' with you, baby,

I'm not trippin'
You can say I'm trippin' (hey) but I'm stingy

And I can't hide it

Wanna keep you all to me (all to me, yes, I do), I'm
selfish

Why try to fight it (why try to fight it)
You're the only one with the only love (oh, why, why,
why, why)

That's strong enough to claim me (strong enough to
claim me)

So please forgive me, I'm just stingy

But how can you blame me (woo)
You can say I'm trippin' (so do what you wanna, huh)

But I'm stingy

And I can't hide it (but baby, don't you leave)

Wanna keep you all to me (all I wanna do is keep you
warm), I'm selfish

Why try to fight it
You're the only one (oh, yeah, yeah, yeah, yeah, yeah,
yeah, yeah) with the only love

That's strong enough to claim me (that's strong
enough to claim me)

So please forgive me (please), I'm just stingy (forgive
