God you must be kidding me, thought this was
supposed to be
The home of the brave and the free for you and me
but now there's something wrong - shit's been going on
too long.
It's never gonna change, there's no way so i say.
What's the CIA and the NRA?
They're all the same - just names are changed.
Fuck - there's no excuse - any way you lose.
It's all a joke in the god old USA.
All we need is more factories pumping filth into the sky.
Corporate greed and perverted priests, it's the story of
our lives.
And apathy's the national disease and there is no end
in sight.
God save the USA - blame the president and say your
prayers tonight.
The irony of liberty is no one here is truly free
When elections are stolen by greed, the G.O.P.
So watch the nightly news - find out how you are
getting screwed.
What you gonna do? - there's no use so i say
Fuck the industry - the aristocracy
They're all the same - just names are changed.
Fuck there's no excuse, any way you lose.
It's all a joke in the good old USA.
Government hypocrisy -American Idolatry - Corporate
philosophy.
Nightly news of tragedies - Whre no one cares what's
right or wrong
Our heroes now are all long gone - The freedoms that
we all abuse
The obituaries front page news
