As soon as you're born they make you feel small
by giving you no time instead of it all
'till the pain is so big you fell nothing at all

A working class hero is something to be (x2)

They hurt you at home and they hit you at school
they hate you if your clever and they despise
the fool
'till you're so f***ing crazy you can't follow
their rules

A working class hero is something to be

When they tortured and scared you for 20 on years
Then they expect you to pick a career
When you can't really function you're so full of fear
A working class hero is something to be (x2)

Keep it dope with religion and sex and t.v.
And you think you're so clever and classic and free
But you're still f***ing peasant's as far as i can see

A working class hero is something to be (x2)

There's room at the top they are telling you still
But first you must learn how to smile as you kill
If you wanna be like the folks on the hill

A working class hero is something to be (x2)

If you want to be a hero well just follow me (x2)
