("If I had a world of my own, everything will be nonsense")

("Nothing will be what it is, because everything will be what it isn't")

I invite you to a world where there is no such thing as time

And every creature lens themselves to change your state of mind

And the girl that chase the rabbit drank the wine and took the pill

Has locked herself in limbo to see how it truly feels

To stand outside your virtue

No one can ever hurt you

Or so they say

Her name is Alice (Alice)

She crawls into the window

Shaped in shadows

Alice (Alice)

And even though she is dreaming, she knows

Sometimes the curiosity can kill the soul but leave the pain

And every ounce of innocence is left inside her brain

And through the looking glass we see she's painfully returned

But now off with her head I fear is everyone's concern

You see there's no real ending

It's only the beginning

Come out and play

Her name is Alice (Alice)

She crawls into to the window

Shapes in shadows

Alice (Alice)

And even though she is dreaming

She's a locked for meaning for you

This kingdom good riddance good freedom and innocence

Has brought this whole thing down

Her name is Alice (Alice)
She crawls into to the window
Shapes in shadows
Alice (Alice)
And even though she is dreaming
She's a locked for meaning

She's a locked for meaning for you

("In contrary was what it is it wouldn't be")
("And what it wouldn't be it would")
("You see?")
