A hundred days had made me older
Since the last time that I saw your pretty face
A thousand lights have made me colder
And I don't think I can look at this the same

But all the miles had separate
They disappear now when I'm dreaming of your face

I'm here without you baby but your still on my lonely
mind
I think about you baby and I dream about you all the
time
I'm here without you baby but your still with me in my
dreams
And tonight it's only you and me

The miles just keep rollin'
As the people either way to say hello
I've heard this life is overrated
But I hope that it gets better as we go, oh yeah yeah

I'm here without you baby but your still on my lonely
mind
I think about you baby and I dream about you all the
time
I'm here without you baby your still with me in my
dreams
And tonight girl it's only you and me

Everything I know, and anywhere I go
It gets hard but it won't take away my love
And when the last one falls, when it's all said and done
It gets hard but it won't take away my love, oh

I'm here without you baby but your still on my lonely
mind
I think about you baby and I dream about you all the
time
I'm here without you baby but your still with me in my
dreams
And tonight girl it's only you and me, yeah, oh yeah, oh
