You gotta get high on a mountain  
And see what's goin' on  
You gotta get high  
And see what's goin' on

Well, if you don't see what you want  
You gotta climb a little more

You gotta get down on your knees  
And get right with the Lord  
You gotta get down  
And get right with the Lord

Well, if you want to walk them streets to go home  
Stop a knockin' on Devil's door

Well, now you may not be a preacher man  
Forever playin' the southern band  
You can take a trip to the Promised Land  
Don't you understand?

You gotta roll with the changes  
And see what life'll bring  
You gotta roll  
And see what life'll bring

Just spread your wings like a eagle  
And fly high, wide and free  
High flying

Well, now you may not be a preacher man  
Forever playin' the southern band  
You can take a trip to the Promised Land  
As long as you understand

You gotta get high on a mountain  
And see what's goin' on  
You gotta get high  
And see what's goin' on

If you don't see what you want  
You gotta climb a little more

Well, if you don't see what you want  
You gotta climb a little more
